

Oracle Universal Installer Setting up the Environment and Installing Oracle 10g on z/OS

Kathryn Arrell, Tom Russell, Denny Dutcavich,
Stephan Lange, Mike Gorman, Bruce Frank
Andy Rogers

IBM/Oracle International Competency Center
IBM Developer Relations

Agenda - Using the OUI on z/OS

- Introduction
- Preparing the z/OS system – Tom Russell
- Running the Oracle Universal Installer – Andy Rogers

IBM/Oracle International Competency Center
IBM Developer Relations

Objective

- Create a Redbook
 - Experiences with Oracle Database 10g on z/OS, SG24-7055
- Topics
 - xWindows Interface to z/OS
 - Setting up z/OS for Oracle10g
 - Installing with the Oracle Universal Installer

IBM/Oracle International Competency Center
IBM Developer Relations

Experiences Installing Oracle Database 10g for Z/OS SG24 7055

- Chapter 1. Overview of Oracle Database 10g
- Chapter 2. Preparing to install Oracle Database 10g using CDs
- Chapter 3. Installing the Oracle libraries and client code
- Chapter 4. Creating the PARMLIB members
- Chapter 5. Customizing and creating the Oracle database
- Chapter 6. Connecting to Oracle DB with SQLPlus
- Chapter 7. Using Workload Manager with Oracle Database 10g
- Chapter 8. Installing the Intelligent Agent
- Chapter 9. Operational considerations
- Chapter 10. Layout of Oracle Database on IBM ESS
- Chapter 11. Installing an Oracle Patch Set
- Appendix A - Options for setting up the xWindows client/server
- Appendix B - Using C/C++ pre-compilers and utilities (optional)
- Appendix C - Tools for managing Oracle database performance
- Appendix D – Creating an HFS filesystem

IBM/Oracle International Competency Center
IBM Developer Relations

Early Adopters of 10g on z/OS.

- Mid April to End of May
- Weekly Conference call to share experiences
 - If you are interested please contact one of us or send an email to kathryna@us.ibm.com

IBM/Oracle International Competency Center
IBM Developer Relations

Early Adopters of 10g on z/Linux

- Plans for a Redbook/Redpiece
 - Installation of 10g Database
 - Monitoring and tuning of Oracle 10g on Linux on zSeries
 - Installation of Oracle EBS 11i with DB server on zSeries
 - Installation of Oracle OCS with DB server on zSeries
- Late 2Q and 3Q 2004
